CLEAN-UP WEEK STARTS ON MONDAY--HELP TO MAKE CHARLEROI SPOTLESS

MAN IS KILLED IN FALL DOWN SHAFT

J. E. Coatsworth. For Eight Years Postmaster at California, Meets Instant Death In An Accident At 1 O'Clock Yesterday

HIS SKULL IS FRACTURED

Accident Occurred In Building Occupied By California Furniture And Hardware Company —Possibility He Lost His Balance, Or Became Ill

J. E. Coatsworth, 67 years old, for eight years postmaster at California, lost his life at 1 o'clock yesterday afternoon, when he fell down an elevator shaft, being constructed in the building occupied by the California Furniture and Hardware company, California. Mr. Coatsworth, who was prominent in church and lodge circles of the Normal town, and recognized as one of its leading and highly respected citizens, was killed instantly, his skull being fractured.

The decedent was working on the first floor near the opening but whether the accident was caused by his losing his balance and falling into the shaft, or whether the cause can be ascribed to his becoming suddenly ill, is a matter of conjecture.

Workmen employed in installing the elevator, saw him fall and hurried to the basement, but life was extinct.

Mr. Coatsworth served for eight years as postmaster of California, being appointed during the first term of the late President Wilson. He was a member of the Methodist church and the Royal Arcanum.

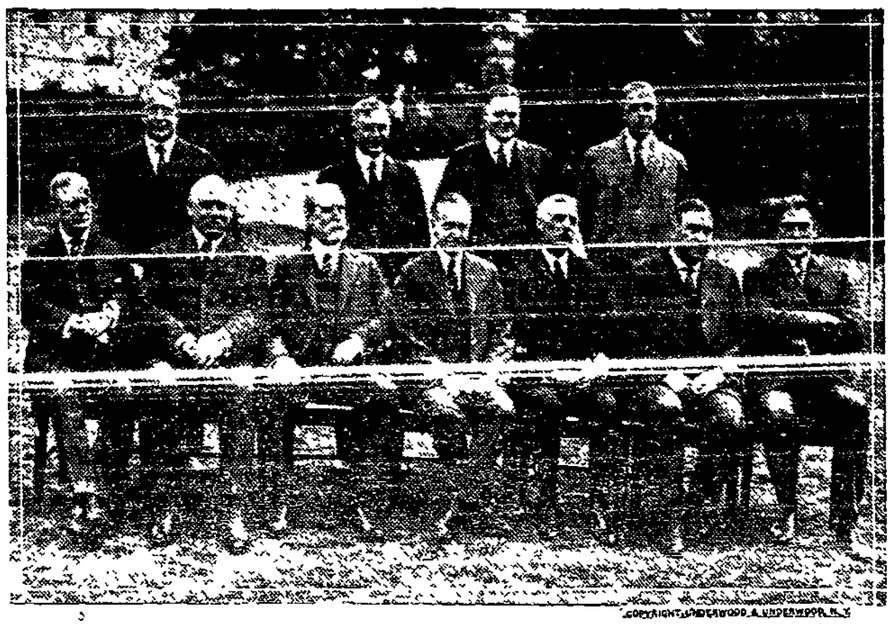
There survive his widow, Mrs. Kathryn Savage Coatsworth, and three daughters, Mrs. Willis Thomas, Charleroi; and the Misses Mary and Virginia Coatsworth, at home. There are also five brothers and one sister: D. W. and W. K. Coatsworth, North Charleroi; John, George and Albert Coatsworth, California, and Mrs. W. H. Whigham, North Charleroi.

KNIGHTS AND DAMES OF MALTA

All Knights and Dames of Malta who contemplate attending the session of the Grand Commandery, to be held at Cumberland, Md., May 13-16, and who have not arranged for transportation, are requested to get in touch with the committee—Thomas Hudspith, George Youngman, and J. Ed Schultz, not later than Tuesday, May 6th. 281t2

HEAR MR. HUMPHREYS OVER RADIO TONIGHT

Chester C. Humphreys of Meadow avenue, local tenor, will be singing to Radio fans all over the [illegible] evening at 8:30 eastern standard time from station KDKA, Westinghouse Electric, East Pittsburgh This comes as a very pleasant announcement to Charleroi people, who enjoy hearing Mr. Humphreys sing at every opportunity. His voice broadcasts especially well over the radio Ernest C. Schultz, baritone of East End, Pittsburgh, who sings in the First United Presbyterian church choir, Carnegie over which Mr. Humphreys has charge, will also sing. The Westinghouse band will assist with concert.



PRESIDENT COOLIDGE AND HIS NEW CAB INET

President Calvin Coolidge posing for first time, on White House lawn, with his Cabinet, as constituted now after the two recent changes. Left to right: Front row: Harry S. New, Postmaster General, Indiana; John Wingate Weeks, War, Massachusetts; Charles Evans Hughes, State, New York; Calvin Coolidge, President; Andrew Mellon, Treasury, Pennsylvania; Harlan Fiske Stone, new Attorney General, New York; and Curtis Dwight Wilbur, new Secretary of the Navy, California. Back row: James J. Davis, Labor, Pennsylvania; Henry Cantwell Wallace, Agriculture, Iowa; Herbert Clark Hoover, Commerce, California; and Dr. Hubert Work, Interior, Colorado.

TWO MEN TREAT WOMAN SEVERELY

CHILD HAS HER ARM GASHED IN A FALL

Betty Newton, 5-year-old daughter Lincoln avenue, sustained a large gash in her right arm yesterday afternoon, when she fell while returning from the store carrying a bottle of milk. The child had been sent by her mother to purchase the milk and, on her way home she slipped and fell [illegible] arm. She was taken to the office of D. Edwin McKay, and five stitches were required to close the wound.

Negro And White Man Bind And Gag Mrs. Mary Painter At Monongahela Yesterday Afternoon, And Secure $195

COLLAPSES WHEN FREED

Men Make Their Escape And Have Not Been Apprehended —Woman Had Been Shopping And Returned Shortly Before 2 O'Clock

Two robbers, a white man and a colored man, attacked Mrs. Mary Painter at her home in Monongahela yesterday afternoon at 2 o'clock, and after binding her in a chair in the kitchen, ransacked the house, stealing a pocketbook containing $195, and valuables. The thieves made good their escape and have not been apprehended.

Mrs. Painter has returned from a shopping tour with $195 in her pocketbook. She was passing from one room to another, when the white man, uttering an oath, grabbed her about the waist. Mrs. Painter succeeded in breaking away from the grasp of her assailant, and ran upstairs to secure a revolver. Before she could reach the weapon, she was intercepted by the negro.

Grasping her about the neck, the colored man dragged the helpless woman down the steps to the dining room where both men tied her securely in a chair and fearing that she might make an outcry adjusted a paper gag in her mouth, which was made secure by tying a handkerchief across her face. The negro with a clothesline, tied Mrs. Painter in the chair which they placed in the middle of the room.

The white man, fearing Mrs. Painter might attract her neighbors, secured a poker from the kitchen and, placing it over a burner in the kitchen range, threatened to "burn a hole in your body if you call for help."

The men began ransacking the house and upon finding the pocketbook and money hastily departed.

Mrs. Painter, suffering from shock, later was able to move the chair to a partition in the residence

GETTING READY FOR THE PICNIC JUNE 11

Commencement Exercises to Be Held On Thursday Evening, May 29

The dates for the thirty-seventh commencement exercises of the Charleroi High school have been fixed as follows:

Class play, Thursday and Friday, May 22 and 23; union baccalaureate services on Sunday, May 25; sermon to be given by the Rev. Dr. C. B. King, pastor of Christ Lutheran church; class night exercises on Tuesday evening, May 27; commencement exercises on Thursday evening, May 29. The speaker for commencement will be Dr. Thomas R. Thoburn, pastor of the Christ M. E. church, Pittsburgh.

The number of prospective graduates is 70; this will make a total of 86 for the year.

Number of boys in the class, 21; number of girls, 46. The largest class in the history of the schools. Number of non-resident members of the class, 28.

Death to Rubbish To Be the Slogan Here Next Week

As noted in the Mail during the week, "Clean-up" time will be formally opened Monday. It will be continued during the week under the supervision of the Board of Health. The Boy Scouts are assisting in the matter, and people are requested to get their garbage and refuse ready when called for.

It is hoped by the health department that the citizenry will coincide with the health department in making this the greatest "Clean-up" week in the history of the borough.

NOTICE.

Dr. Repman wishes to announce the removal of his office to the Stahlman building. 279t3-*

DANCE AT ROSEFIELD GARDENS

Every Tuesday evening. Featuring the Wash-Jeff Orchestra next Tuesday 281t2.

SCHOOL TEACHER IS ATTACKED

Attacking Miss Genevieve Wyeth, 20 years old, of 433 Jackson street, Monongahela, and then knocking Miss Margaret Abbott, aged 20, of New Eagle, into the street when she went to the assistance of Miss Wyeth, it is alleged, Mr. and Mrs. Samuel Robertson of East Main street, Monongahela, were to be given a hearing this forenoon at 11 o'clock before Alderman A. N. Jenkins of Monongahela, on a charge of assault and battery.

Prior trouble regarding habitual tardiness on the part of a small daughter of Mr and Mrs. Robertson, is said to have been the cause of the alleged attack on the school teacher. The girl is in charge of Miss Wyeth. Seeking to remedy the fault of the child, Miss Wyeth sent a note to the family. Robertson, it is said, went to the school and became so profane and abusive that he was ordered from the building.

About 4 o'clock yesterday afternoon, Miss Abbott, Mrs. Lenore Sutton, and Miss Wyeth, all teachers, were walking along Main street enroute home from the school, when they met Mr. and Mrs. Robertson, near the home of the latter-named. Miss Wyeth, it is said, was stopped by them and they became abusive.

Robertson, it is alleged, and charged, grabbed Miss Wyeth, and held her, while Mrs. Robertson beat her about the face and body. Miss Abbott sought to prevent the attack, and it is said that she was knocked into the street by Robertson.

A charge of assault and battery was preferred against Mr. and Mrs. Robertson before Alderman Jenkins.

AWNINGS! AWNINGS!

W. A. Watterson, 311 Sixth Street. Call Bell Phone 80-W. 281t1*

Musical Comedy to Be Given at High School Auditorium May 14, 15, 16

The Charleroi Fire department announces that under its auspices what will prove to be one of the most meritorious entertainments of its kind ever given in Charleroi will be staged at the High School auditorium on Wednesday, Thursday and Friday evenings, May 14, 15, and 16, a musical comedy, entitled Katcha-Koo This rather euphonious title will become even more agreeable to the public when the news is conveyed by this medium that among the best musical talent in Charleroi and the valley will be seen and heard in the cast.

Advance information is to the effect that public patronage at the musical comedy will tax the capacity of the Auditorium. Even thus early the sale of seats has been begun, and thus it will be seen that the sooner you get your seats, the better will be the selection.

Of the play and its character, more will be said in the Mail in future issues. Among the features, only a small portion, are the McCreary sisters of Monongahela, who will impersonate the famous Duncan Sisters; Miss Davis of Donora, toe dancer, who has appeared in Keith vaudeville in Pittsburgh, and in this month appearing at the Syria Mosque, Pittsburgh.

Dances on the Golf links by Estella Carroll, Hortense Greenberg, Kathryn Goldsmith, Helen Reeves, Margaretta Carroll.

Oriental dancers, Elizabeth Cope, Dorothy Sharpnack, Blanche Carson, Virginia Tussing, Marion Russell, Alice Feeney, Mildred Yates, Lidabelle Woodward.

The two-act comedy production will be staged by James S. Russell; the music and dancing will be under the supervision of Miss Ethel Goldsmith, and the Chorus numbers will be in charge of W. O. Williams.

Bert M. Myers Has Been Named As Assistant

Bert M. Myers formerly foreman of construction work for the United States Engineering department Monongahela river, has been appointed assistant lockmaster at Lock No. 12. Mr. Myers, with his family, removed from his former home, Conrad avenue, North Charleroi, on Wednesday, and has entered upon the discharge of his duties.

Mr. Myers succeeds Captain William Syfers, who has been transferred to Lock No. 4, succeeding Anderson A. Caseber, who succeeded the late Charles R. Taylor, as lockmaster.

(Continued on Page Two)

SHAPING UP FOR MEMORIAL DAY

Tentative arrangements were made for Memorial Day celebration at the regular monthly meeting of the American Legion Post No 22, Thursday evening, held in the Dugout, with a good attendance. It was decided that during the early hours of the morning a squad of the Legionnaires would visit all the cemeteries in the immediate vicinity and pay their respects to the departed comrades. At 9:30 a. m., they will parade, along with the Scouts, American Legion Auxiliary, firemen, and fraternal organizations, and officials of the town, through the business thoroughfares, with Captain Edwin W. Patton as marshal. The parade will terminate at the Pennsylvania Railroad park, McKean avenue, where there will be speaking and a program carried out. At this time, the veterans of the Civil war will turn over in a ceremony to the Legion, the carrying on of Memorial Day services in future years. The Legions all over the country be quested that the citizens throughout the states refrain from sports, unnecessary work and business during the morning hours of Memorial day, out of respect to the departed dead.

In addition to Memorial Day plans, the Boy's Day parade, which will take place May 15, was discussed and it was voted that the members would assist the Rotarians in any way possible to make this affair a success. Walter H. Fielding, scoutmaster of the Legion troop, was chosen to command the seven troops of the town on that day.

The entertainment and house committee are busy with plans for a public opening of the Dugout, the date of which is set for Thursday, May 29. Repair work and alterations have been underway for the past two months and the rooms will be decorated and painted within a week or two, so that when the public is invited it will view rooms that are among the most comfortable and beautiful in the valley.

BOY SCOUTS WILL AID IN "CLEAN-UP"

The Boy Scouts of Lock No. 4, under the direction of Prof. Leroy Sheppard, Scoutmaster, have consented to aid the health department of North Charleroi in the forthcoming "Clean-Up" week, May 5 to May 10, inclusive, as ordered by the Borough Council and the Board of Health.

The various patrols have begun their activities, and today are making a house-to-house canvass, distributing hand-bills, which set forth the dates, the object, and the benefits to be derived from "Clean-Up" week.

This effort on the part of the local unit, world-wide organization of Boy Scouts, is being properly appreciated by the health department of North Charleroi borough.

Another feature to be commended is the active part taken by the teachers of the public schools of the borough, who are distributing literature pertaining to the efforts now being made to make the Lock a clean and desirabele place in which to live.

Monday being the opening day, the health officer will give instructions and suggestions in the matter of "clean-up." On Tuesday, and every day until May 10, teams and a force of helpers will be at the service of citizens who are in sympathy with, and give their countenance to, the movement.

Yesterday's regular garbage collection was one of the heaviest thus far in the year.

Th health department is grateful to the source from whom it received its literature relating on how to "clean-up" and the benefits to be derived from acquiescence in the order.

ANNOUNCEMENT.
HOME AGAIN!

William High will be pleased to meet all his old patrons at the Charleroi Elks Club after May 5. The Charleroi Elks Cub is to be commended on the selection of Mr. High as the club manager, having served in that position for the past twenty years. Special attention will be given to all parties and banquets. All persons desiring to make appointments for parties and banquets can in person or call Bell Phone 29. Mr. High wishes to announce to his friends he will be pleased for them to call on him for the best home cooked meals in town. 281t1*

DILIGENT SEARCH FOR MAJ. MARTIN

Cordova, Alaska, May 3—(United Press)—Mountain fastness and sawtooth inlets of the Alaskan peninsula are receiving attention from searchers hunting for Major Frederick L. Martin, American flight commander last heard of Wednesday noon.

That the bleak peninsula mountains may tell the fate of the heroic chief of America's round-the-world pilots, caused the search. It is thought Major Martin may have turned west from Chignik and may have been wrecked some place in the mountains.

Others believe the flagship "Seattle"—the troublesome plane which caused Major Martin to be forced down two weeks ago—may have given out and Major Martin may be stranded in some of the many Alaskan coves.

Today there is no word of him.

Cannery companies along the Alaskan coast have ordered all their vessels at sea to stop other work and aid in the search for the American flyer.

At Dutch Harbor three pilots, lieutenants Lowell H Smith, Leigh Wade and Eric Nelson, are waiting to take off on another lap of their journey. They have not been advised that President Coolidge has ordered the flight to continue, but under the plans Lieut. Smith will be in command for the rest of the journey.

MAGEE BELIEVES MEN WILL WEIGH PRESENT DATA

Pittsburgh, May 3—(United Press) [illegible] announced an adjournment of a joint session of the company officials and the representatives of the street carmen at 11:45 a. m. He said that there would be a meeting with himself and the employes at 1:30 today.

Mayor Magee expressed the opinion that there would be no storage of street cars today. He declared that he was confident there would be no strike action with the men until he had an opportunity to make a complete study of the present data. That he would not be through with this today.

UNCLE SAM TAKES STERN MEASURES

Havana, May 3.—(United Press).—The government took stern measures today to prevent agitation in connection with the military outbreak in the provinces of Santa Clara and Cienfuegos.

All editions of the newspapers Heraldo de Cuba and El Heraldo were confiscated by police on the ground they contained exaggerated reports of the movement against the government of President Zayas.

It was reported the editor of Heraldo de Cuba will be deported as a "pernicious foreigner."

The government claimed the situation was "well in hand" and meager reports reaching the capital indicated loyal troops were restoring order in the affected areas.

Troops still were mobilizing in the vicinity of Cienfuegos.

PERRYSVILLE MAN IS FOUND GUILTY OF MANSLAUGHTER

Pittsburgh, May 3—(United Press)—Anthony Dahiano of Perrysville, charged with the slaying of James H. Allen, last October, was found guilty today.

Allen was killed when he was a passenger on a bus driven by Curtis Sharer, of Aspinwall. It was alleged Damiano fired a shot [illegible] Sharer, the slug from which killed Allen.

NOTICE.

I wish to announce [illegible] of my first class [illegible] May 3rd.

IN THE WORLD OF SPORT

Fay's Manager Protests Ruling of the Youngstown, Ohio, Boxing Commission

In a letter to the Pittsburgh Sun from Louisville, Charley Jones, manager of Boxer Harry Fay, writes: "The action of the Youngstown O., boxing commission in refusing to sanction a match between Harry Fay and Young Stribling at Youngstown May 8, giving as its reason that Fay would be a setup for Stribling and in sending stories out of Youngstown to papers all over the country to this effect, certainly was an unjust ruling and not fair to Fay. Harry boxed Stribling in his eighth professional fight at Indianapolis January 21, 1924 and was shaded in a great 10-round fight. If Fay really were a setup for Stribling it looks as though he would have been knocked out or badly beaten at Indianapolis. Fay has improved steadily since then. He showed this by decisively beating Johnny Gill and knocking out George Perotta yet he has been ruled a setup for the man who only slightly shaded him in his eighth professional fight. Every member of the Indianapolis commission was satisfied with Fay's work against Stribling and all said it was a great fight. To prove that Fay made good at Indianapolis with Stribling I have him matched to box the best boy they can get for him at the American A. C. in Indianapolis June 12. Lou Davis is promoter of this club. Roy Wallace will likely be Fay's opponent in this bout. Fay surely proved himself a real fighter against Stribling or he could not have got back in again at Indianapolis. Two clubs have wired Stribling fight if Youngstown doesn't want it, so I will have Harry in with Stribling again as soon as one or the other of these clubs can sign Stribling, and then we will see whether the boy who beat Paul Berlenbach for the 175-pound amateur title of the United States at Boston April 10, 1923, is a setup for Stribling or not.

Fay is going to box a 10-round bout on the card with Sammy Mandell and Jack Bernstein at the armory in Louisville on Derby Day evening, May 16, and about two weeks later he will like-wise box Billy Shade here in the open air."

Pirates Take Third Straight Win By Beating St. Louis

By beating the St. Louis Cardinals yesterday the Pittsburgh Pirates recorded their third straight victory. They defeated the Cubs in the closing contest in the Windy City, and have annexed two straight wins in the present series with St. Louis. The score was 3-2.

To Wilbur Cooper, who pitched for the Pittsburgh club, belongs a large share of the credit. Cooper was only fairly effective in the box against St. Louis taken from the standpoint of the number of hits, as they garnered 10 to the Pirates 6, but Wilbur kept the visitors' bingles pretty well scattered and with the score a tie in the last half of the ninth, Cooper produced the swat which won the game.

St. Louis plays in Pittsburgh again today.

This morning finds New York in first place, with Cincinnati as the leader-up and the Cubs in third place. The Pirates are in fourth place, but by the way they are playing, they are due to ascend.

England's State Newspaper.

England's only state newspaper, as such, is the London Gazette. It is 258 years old, having been first published for Charles II, when it was known as the Oxford Gazette. The court at the time had fled to Oxford on account of the plague.

Evening Schools.

The first successful evening schools in this country were established about the middle of the Nineteenth century, although an attempt without permanent results was made in New York in 1834.

Distinguishing the Marriageable.

In some parts of China the young women wear their hair in a long single plait, with which is intertwined a bright scarlet thread. This style of ornamentation denotes that the young woman is marriageable.

Hard to Surmount.

There are three difficulties in authorship: to write anything worth the publishing, to find honest men to publish it, and to get sensible men to read it.

Bravolette.

A new material, bravolette, is used by a German inventor in the manufacture of safety razors. It looks like ivory, tortoise shell or marble, depending on the manner in which it is manufactured. The advantage of this material lies in the fact that the apparatus cannot rust. There is no need to dry the razor after use, it is sufficient to rinse it. Another advantage is that it is cheaper than razors made of metal.

Strain on Human Body.

In hot weather the human body makes an extraordinary effort to adapt itself to conditions and meet the strain placed upon it. Violent overheating or great physical effort for a few hours causes the body to throw off some four liters of fluid. In other words, the perspiration secreted in a brief while is greater than the entire blood supply of the body.

Breadfruit.

The breadfruit, with the coconut and banana, furnishes the chief food of the natives of the Pacific islands. That is why we call it "breadfruit," because for them it takes the place of bread. Apart from its fruit, the tree itself is a very useful one, for when beaten out, the inner bark forms a fine white cloth called tapa cloth.

Pneumonia Is "Catching."

Few people realize that pneumonia is one of the most prevalent of communicable diseases. Last year the reported incidence was greater than for any other diseases except influenza, measles and tuberculosis. For the first ten months of this year only measles exceeded pneumonia in prevalence.

The Tasmanian Devil.

The Tasmanian devil (Sarcophilus ursinus) is a creature in size like a badger, in appearance like a bear. It is ponderous, powerful, dark-colored and covered with a coat of long fur. It sleeps by day and seeks its prey by night.

Another Man's Luck.

Rural Parson—"Nothing to be thankful for, Ebenezer? Why, think of old Tom Billings who's just lost his wife." Ebenezer—"That don't help me, parson—I ain't Tom Billings."—Boston Transcript.

Begin Wrong.

The chief trouble with the husbands who try to put something over on their wives is that they usually begin where the writers of fairy tales leave off.

Swift Winds.

The swiftest winds are encountered in temperate latitudes at an altitude of from five to seven miles, while above that the speed of the wind decreases.

Hairs of the Head.

Forty to fifty thousand hairs is the crop on the average man's head, according to investigations conducted by professors of the Munich university.

At Altar and Later On.

At the marriage altar a man imagines she is getting what he wants, but later he is apt to discover that he didn't know what he wanted.

Don't Be a Hog.

The Lord may help those who help themselves—providing they do not overdo it by trying to help themselves to more than their share.

Particular.

Mistress (hiring cook)—"I think you'll do." Cook—"Well, you won't do. You're so thin I shan't be able to wear your clothes."

Probably, Yes.

Probably some ugly meander around all night for the purpose of satisfying themselves that there is no place like home.

TWO MEN TREAT WOMAN SEVERELY

(Continued from First Page)

separating herself from a next door neighbor in the double house in which she resides.

After knocking on the wooden partition for several minutes, she was able to attract the attention of a neighbor woman who released her. She collapsed when freed.

Chief of Police S. S. Burnsworth of Monongahela, rushed to the house, where he obtained a description of the woman's assailants and began a search for the men. The white man was described as about 30 years of age, about 6 feet tall and wore a dark suit and hat. The negro was a young man of very dark complexion, short in stature, and wore a pair of overalls and a cap. A physician was called to treat Mrs. Painter, who suffered a nervous collapse. Both men were reported to have been strangers and are thought to have gained an entrance to the Painter residence soon after Mrs. Painter left at noon. The men after failing to find any money concealed themselves in the house until Mrs. Painter arrived home, it is believed. Neighbors questioned but could give no information to the officers regarding the woman's assailants.

Magnetic North Pole.

The geological survey says that the latitude of the magnetic north pole is 70 degrees 05 minutes and the longitude, 96 degrees 46 minutes west. It is nearly 1,400 miles south of the north pole. True north is the point on the true meridian directly north. The true north means the geographic north pole.

Zero Milestone.

The "zero milestone" stands just south of the White House in Washington, on the ellipse of Potomac park. From this milestone is measured the distance along the national highways of the United States. The stone is of white marble and on top is a bronze sundial.

Tuning Forks.

It is said that if two tuning forks of the same pitch are placed facing each other, the one sounding and the other silent, in a few seconds the silent one will be giving out a distinctly audible note.

He Knows Them.

In the studio of a fashionable photographer who caters especially to the patronage of women, the mirrors are so arranged that the women may view themselves from forty-seven different angles.

Tormenting.

Lois—"So you nearly drowned in the surf? I suppose you were terribly frightened?" Louise—"Heavens, yes! All the life guards I'd ever flirted with flashed before my eyes."—New York Sun.

Twelve-Year-Old Patriarch.

For the past 400 years the patriarchate of the Nestorians has been a hereditary post. The present patriarch is the youngest religious dignitary in the world, being but twelve years old.

Holland Leads in Cocoa.

For 200 years Holland has been a leading factor in the cocoa industry. Today Amsterdam alone has 13 factories engaged in the manufacture of cocoa and chocolate.

Numerous Laws.

"Our laws have become so numerous that it often costs a man a hundred dollars to get a shilling's worth of justice, and misses of it at last."—William Manning, 1798.

Origin of Scribe.

A scribe was a name used among the Jews originally to indicate a military officer, but later the cognomen was given to those who copied the books of the law.

Not That Kind.

Father (scanning school report)—"I see you had twenty bad marks during last term." Son—"Well, that doesn't amount to much at the present rate of exchange."

Sufferings of Mind.

Even as the strength of the mind surpasses that of the body, so also the sufferings of the mind are more severe than the pains of the body.

Good Evidence.

Hewitt—"What makes you think that Gruet is insane?" Jewett—"He has had his life insurance made payable to his mother-in-law."

Sacred Days in Siam.

In Siam the eighth and fifteenth days of the moon are regarded as sacred, and devoted to worship and rest from ordinary labor.

Not Very Recent.

Old Style—Where there is a will there is a way.

New Style—Where there is a will there is a contest.—Judge.

Tea in Ireland.

In Ireland, where the people have a very exclusive taste in tea, few shopkeepers will buy tea which has been blended by machinery.

Reversing the Order.

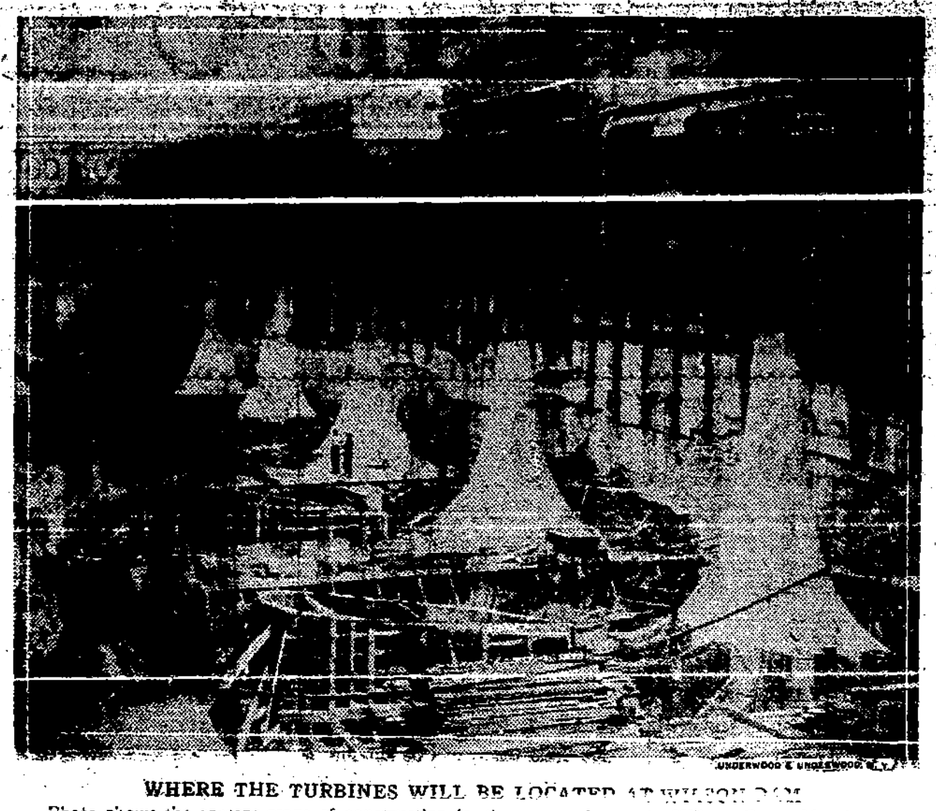
In giving a party for the young folks, it is soon demonstrated that the old folks are to be seen and not heard.

Water Breaks Concrete.

Concrete can be broken up by use of water in a special tool under three to five tons per square inch pressure.

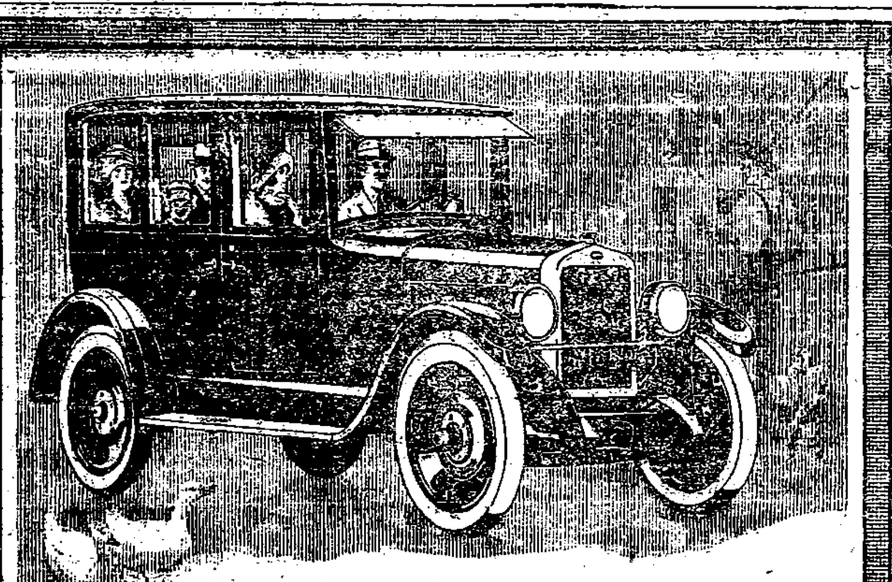
Quite So.

Popular songs would be less objectionable if sung only in the hearing of those with whom they are popular.



WHERE THE TURBINES WILL BE LOCATED AT WILSON DAM

Photo shows the present stage of construction in the power house at Wilson Dam, Muscle Shoals project, Florence, Alabama. The concrete cones in the center of the picture are for the purpose of spreading the streams of water after they have flown through the turbines. The water reaches the hydraulic turbines, which will be placed above and around the cones, by coming through the penstocks, or oblong openings in the dam, shown in photo.



Consider This Sedan at $1445

THIS Oakland Six Sedan incorporates more advanced construction than you will find in any other Sedan selling at a similar price. You can verify these facts for yourself.

Oakland's new six-cylinder engine is compact and powerful. It's advanced design gives it the smoothness so desirable in a closed car.

Oakland's four-wheel brakes are sound. In the Sedan, a family car, don't overlook this safety feature.

The body is Fisher-built—beautiful and complete. Comparisons will increase your desire for it.

Oakland's new Duco finish is a revelation. In no other car, similarly priced, can you obtain this finish.

The control system is exclusive. Horn, throttle, ignition switch, choke and light controls—all are on the steering wheel.

Disc steel wheels are standard. They are safer, better looking, more desirable.

These are the facts and the Sedan price is $1445 at factory. To insure complete satisfaction you don't need to pay more. Consider the Oakland Sedan, drive it—and then decide for yourself.

Dodging Difficulties

Using checks instead of actual cash is the best way to pay bills—and dodge arguments and difficulties.

For a checking account gives you an accurate record of all payments made—and your canceled checks are valid receipts.

Convenience, safety and freedom from annoyances such as often mark cash transactions, are three strong reasons for a checking account at this live, progressive Institution. There are other benefits, too—stop in, we'll list them while you open your account!

HEROIC HEADS OF MARTYR PRESIDENT TO MARK LINCOLN ROAD

George Grey Barrard, famed New York sculptor, is seen in his [illegible] at work on his heroic head of Abraham Lincoln. Four of these huge pieces of work are to be cast in bronze and placed along the Lincoln Highway at important points.

Have Your Gold Scale Tested.

Standard fineness of all gold and silver coins is 900, but a variation of three one-thousandths is allowed for silver coins, while a deviation of but one one-thousandth for the gold coin is not permitted.

Needle of Death.

Cleopatra's Needle, on the bank of the Thames, is a monument 68 feet high, and weighing 180 tons, originally brought from Heliopolis and presented to the English government by Mohammed Ali.

Can't Depend on Uncle.

The youth who depends upon his thrift and industry, instead of upon some rich uncle who is likely to be vamped in his old age, is the boy who will get an early start toward success.

Handing the Boarder a Few.

Landlady—You needn't polish your knife and fork so carefully, Mr Snively. In the first place it isn't necessary, and then again you only dirty the napkin with it.

A Few Things B. F. Did.

To Benjamin Franklin is credited the establishment of the first circulating library in America, the invention of the bifocal eyeglass, and the lightning rod.

London's Buildings.

If all the houses and buildings in London were placed side by side in a long line, they would reach across the three great continents of Europe, Asia and America.

Use Sumac in Tanning.

American sumac, a shrub growing wild on uncultivated land in eastern and middle western states, is used in tanning light-colored and special leathers.

Isn't It the Truth?

Just when a fellow thinks the boss can't get along without him he gets sick and finds the place running in the same accustomed order upon his return.

Slaves Masters at Festival.

The Saturnalia was an old Italian harvest festival, during which time slaves dressed up in their masters' clothes, and were waited upon by them

Airplanes in Alaska.

Airplane service in the interior of Alaska has cut the time to make the trip from Fairbanks to Livengood from 50 hours by trail to 50 minutes.

Freight Cars by Millions.

Rolling stock of all the railroads of the United States consists of 2,648,000 freight cars, 65,000 locomotives and 53,000 passenger cars.

None There.

Those who go into politics for the sake of the game and those who go in for the public welfare will never find common ground.

Sage Advice.

Many men seek fortune in order to be independent. They should rather seek character, the only true source of independence.

Pessimists and Optimists.

A pessimist is a man who in every opportunity sees a difficulty—an optimist, one who in every difficulty sees an opportunity.

Human Nature Unruly.

Human nature began a good many thousand years ago; and it is still unruly. Perhaps it ought to be, to be healthy.

First Meerschaum Pipe.

The first meerschaum pipe was made 200 years ago by a Hungarian shoemaker who was a clever wood-carver.

Sounds Like an Old Saw.

Nostrils, mouth and small teeth of the sawfish are on the under surface of the head near the base of the saw.

Mask Guards Painter From Lead Poisoning

Lead poisoning has long been the bugbear of painters. While working with paint having a high lead content the inhalation of the paint odors has been known to produce dangerous attacks of the well-known "painters' colic," while contact of lead paint with the skin, particularly where it is cut or abraded, often results in irritating diseases.

To combat these conditions a special gas mask or respirator has been devised. This is not so cumbersome as the conventional type, merely serving as a filter against the lead fumes and not covering the whole face. It straps around the back of the head, covering the nose and mouth, but not the eyes, thus affording free vision.

Worn in combination with rubber gloves for protecting the hands, the new respirator affords ample protection against the possibility of contracting disease, no matter what may be the lead content of the paint used.—New York World.

Human Decoy Used to Lure Wolf in Russia

The Russian hunter's method of killing wolves is interesting. A great hefty peasant, with yellow hair, snub [illegible] brought an immense wolf's skin to me once, and I asked him how he had obtained it. He was standing at the window of his izba one late afternoon he said, when he saw a wolf walking through the village street. He seized his gun, called a friend, and they went in pursuit. The wolf stopped on the top of a hill outside the village and looked at them. To prevent it from running away, the second man went down on all fours and moved toward the wolf. He looked, in his heavy sheepskin shuba, for all the world like an animal, and the wolf ran back to attack him. When it had come to a convenient distance the hunter shot it. —Francesca M. Wilson, in Manchester Guardian.

Strange, Strange!

This is veracious: A clergyman from Cambridge, Mass., had occasion to preach to the inmates of an insane hospital. During his sermon he noticed that one of the patients paid the closest attention, his eyes riveted upon the preacher's face, his body bent eagerly forward. Such interest was most flattering. After the service, the speaker noticed that the man spoke to the superintendent, so as soon as possible the preacher inquired:

"Didn't that man speak to you about my sermon?"

"Yes."

"Would you mind telling me what he said?"

The superintendent tried to sidestep, but the preacher insisted.

"Well," he said at last, "what the man said was, 'Just think, he's out and I'm in.'"—The Christian Register (Boston).

Runs Submerged

An inexpensive undershot power wheel which will run even when wholly submerged and which is especially adapted for use in mountain streams was invented some time ago by a Salt Lake man. The wheel's source of power lies in the fact that the blades fold on the upward stroke, making the leverage greater at all times on those below than above the center shaft and thereby enabling it to run in water of any depth. The wheel, which is made entirely of metal, may be of any diameter and width.

To prevent clogging with floating weeds or debris the wheel is inclosed in a heavy mesh wire screen so connected to the wheel that it revolves in the opposite direction.

Set an Egg—Ample

A boastful traveler was in the village inn, trying to "kid the hicks."

"Speaking of chickens," he said, "reminds me of an old hen my father used to have on his farm. She'd hatch anything from a tennis ball to a lemon. Why, one day she sat on a chunk of ice and hatched out a pint of hot water!"

"That don't come up to a hen my mother had," remarked one of his hearers. "They fed her on sawdust once, by mistake. Well, she laid ten eggs, and sat on 'em, and when they were hatched, nine of them had wooden legs, and t'other chicken was a woodpecker!"—American Boy.

Diffused Concentration

An enthusiastic young admirer said to Arnold Bennett shortly after one of his more thoughtful books was published: "You have been a wonderful help to me, Mr. Bennett."

"Indeed! In what way, may I ask?"

"Oh, that last book of yours! It has taught me to concentrate."

"To concentrate? Well, well, that's nice. Now tell me, what are you concentrating on?"

"Oh, lots and lots of things," was the reply.—Boston Transcript.

Just Right

Nexdore—Don't you find your son somewhat restive since he finished at college?

Talltimber—Yes, very restive. Ever since he graduated he ain't done nothin' but rest.

Now We Know

Uncle Lije Cheek one day was asked whether Sam Black was honest or not.

"Well, if, and, but, though," he answered, "he might be, and, then agin' he mign't; but, if he be, he is very highly spoken ag'inst."

Two things there are in which the lions and elephants as there aer with their minds were human instead of Sparks Circus excels—in its trained this great tented enterprise. Every animal. Coming to Charleroi Saturday, lions and in its trained elephants. In trick known to the trainers are is May 10. Seats can be secured Circus, no circus in the world are there such taught to them as easily as though day at Might's Book Store.

Simple Life and Outdoor Joys Await Guests Who Vacation On Canada's Western Ranches

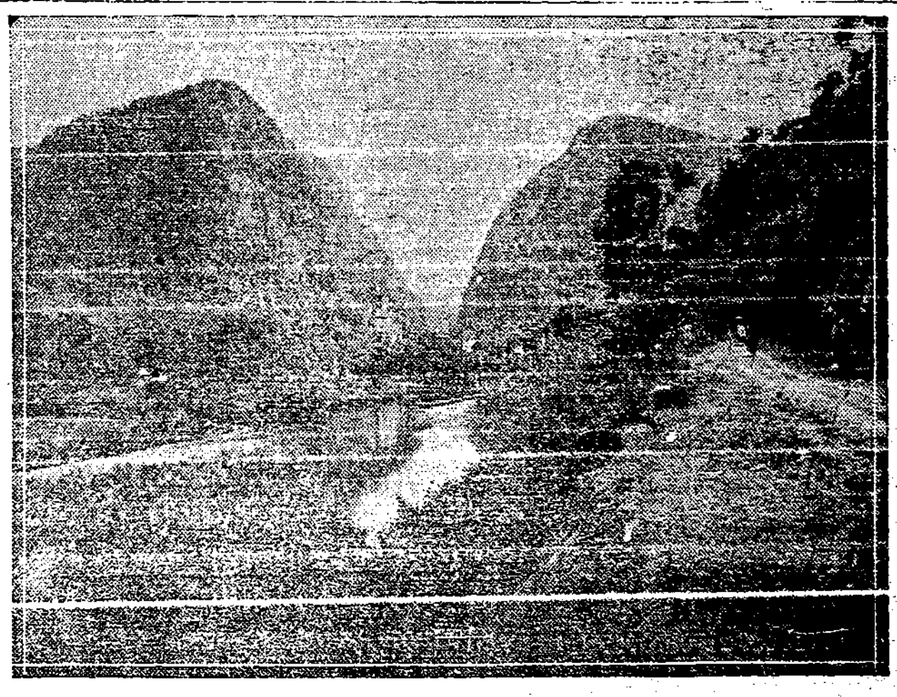
COMBINATION COOK AND GUIDE, WAITING FOR THE POT TO BOIL

Alberta offers fine opportunities for summer vacations on real ranches, the sort of vacations that appeal to many men and women who spend most of the year mid the hurly-burly of city life.

One of the best known of these retreats is that called the "Stampede" or "TS" Ranch, operated by Guy Weadick and his wife, Flores LaDue, both familiar to vaudeville audiences in Canada and the United States, as trick riders. This ranch is located along the Highwood River in Eden Valley, 35 miles west of High River station and is in the same district as "EP" Ranch, owned by the Prince of Wales. It is situated at an altitude of 4,000 feet with peaks of from 6,000 to 10,000 feet in height within a few miles. One may sleep in the ranch house or a log cabin. Plenty of saddle horses are on hand for trail riding among the foothills and up into the mountains. In season there is excellent shooting for birds and game; while the trout fishing is fine. A riot of varied wild flowers carpets the land and beautiful mountain scenery surrounds this popular ranch.

Kananaskis Dude Ranch in the foothills of the Canadian Rockies, is located near Morley Indian Reservation between Calgary and Banff. The ranch buildings command a beautiful view of Bow River, they include ranch house and cabins and are only a quarter of a mile from the station. Mrs. "Bill" Brewster is the hostess of this delightful place and her sole aim is to see that guests have a good time. Cleanliness and comfort are conspicuous features of this ranch, while the table is excellent. Many trail trips can be enjoyed from here; two five-day trips are those to Mt. Assiniboine and to Devil's Head, the latter permits visits to Mt. Aylmer, Lake Minnewanka and Devil's Ga[illegible].

Ssoma Lodge in the Trail and Kananaskis Lakes region is reached from Calgary by motor, a distance of 33 miles to the southwest. Although not so well known as "TS" Ranch, its satisfied patrons are heralding its praise abroad and it is only a question of a short time before its hospitality will be taxed to the limit. It is run by M. E. Amoss and his two sisters, one of whom is a teacher and the other, a trained nurse; all three vie with each other in ministering to the comfort and pleasure of their guests. Here, too, fishing may be enjoyed for there are five lakes within a two-mile radius, and one just a mile from the ranch house. Saddle horses, pack ponies and guides are on hand for trail trips, the guides know the country well and are expert at making bough beds. A golf course has been laid out. Food and service are exceptional.



A BIT OF PHILIPPINE SCENERY.

The Gorge at Montalban, Province of Rizal, considered as one of the most beautiful spots

Interesting Literature

Hostess—I hope you found that [illegible]

Guest—Well, I must confess it wasn't quite so interesting as the letter someone left in it as a bookmark. —London Humorist.

OFFICES OF THE CHAMBER.

Charleroi Chamber of Commerce, within its prerogatives, went on record, through its accredited representatives, the directorate of the body, as opposed to the Bell Telephone Company in its petition to the Public Service Commission for a raise in its rates. If the Bell Telephone Company is justified in its appeal, this is a matter for the Public Service Commission to determine by facts and figures; but it would be a hard matter to make the Chamber of Commerce and the people of this locality think so. Subscribers to the service are nearly a unit in their contention that the Bell Telephone Company is receiving adequate commensuration for the service which it is rendering.

The Chamber of Commerce, locally applied, is composed of a body of business men and private citizens who have the best interests of the borough and the community at heart. The membership is not actuated by any but the most charitable motives in promulgating borough and community weal. It is criticised for its alleged errors of omission and commission, and given little credit for its good deeds; and yet, nevertheless, if the borough did not have a Chamber of Commerce to function with the borough council in municipal endeavor, how quickly would a howl be raised and importunities made for its formation.

The Charleroi Chamber of Commerce must be given credit for doing all that is within its power for the promotion of borough progress. It is primarily responsible, through its lighting committee, for the installation of the new lighting system, and is even now working on a proposition which, if it meets fruition, will accrue to public benefit. In its drive for new members it should be accorded encouragement, and able and public-spirited citizens who are not now affiliated with it, should identify themselves with the Chamber without delay. In union there is strength, and in numbers can the greatest good be accomplished, in that the opinion of two, figuratively applied, is better than one.

Through the Chamber of Commerce it is the province of the citizenry to boost Charleroi, that the greatest measure of prosperity and advancement be achieved.

A Heroic Man.

A West Virginia street car conductor had his wife arrested for refusing to pay her fare. If that doesn't make a hit with the company he may as well resign—he's gone about as far as he can.

Water's Explosive Power.

By actual experiments it has been ascertained that the explosive power of a sphere of water only one inch in diameter is sufficient to burst a brass vessel having a resisting power of 27,000 pounds.

A Matter of Covering.

Little Elsie—"They're saying that Aunt Lucy is a prude. What's a prude, mother?" Mrs. Frank X. Posure—"A prude, dearie, is a woman who wears two-inch shoulder straps on her swimming suit."

Look for Silver Lining.

Get into the habit of looking for the silver lining of the cloud, and when you have found it, continue to look at it, rather than at the leaden gray in the middle. It will help you over many hard places.

Announces Birth of Son.

To announce to his musical friends the birth of a son a Welsh musician sent a card simply bearing four bars of music. They were recognized as from "The Messiah," "Unto us a child is born, unto us a son is given."

Man Tried in Crucible.

Life is a crucible. We are thrown into it, and tried. The actual weight and value of a man are expressed in the spiritual substance of the man. All else is dross.

Considered Smoking a Crime.

Sultans and priests of Turkey once considered smoking tobacco so serious a crime that in many cases torture and death was the punishment meted out to those indulging in it.

Much Good in Human Nature.

There is so much more good than evil in human nature, that he who [illegible] will, in the long [illegible] fewer mistakes than he [illegible].

HAMBONE'S MEDITATIONS

THE OFFICE CAT

There is no place like home—according to the glowing description given by the man who is trying to sell his.

Half the world doesn't know how the other half lives, but it has its suspicions.

STANDARD THE WORLD OVER.

(New words and phrases that will be included in the new dictionary).

Yes, We Have No Bananas.—A vile fruit song originated in 1923. It is universal.

Bootlegger—The only thing that brings a policeman his pay.

Rudolph Valentino — What girls think all men ought to be.

Barney Google—The proud owner of Spark Plug.

Spark Plug—Barney Google's horse.

Mah Jongg—Another foreign pest.

Automobile—1924 for parlor.

If you want to make us mad, just come in the office, gossip around a while, don't tell us any news, and then walk out and leave the door open.

Fine feathers make fine feather beds.

Some people couldn't kick any more if they were centipedes.

Any man can get ahead, if he has a head—and uses it.

His spirits dropped lower and lower—then crashed at the base of the cliff. It had slipped.

Sometimes a fellow hailed as a "corker" is merely an uncorker.

A certain clergyman had occasion to preach to the inmates of an insane hospital. During his sermon he noticed that one of the patients paid the closest attention, his eyes riveted upon the preacher's face, his body bent eagerly forward.

Such interest was most flattering. After the service, the speaker noticed that the man spoke to the superintendent, so as soon as possible the preacher inquired:

"Didn't that man speak to you about my sermon?"

"Yes."

"Would you mind telling me what he said?"

The superintendent tried to sidestep, but the preacher insisted.

"Well," he said at last, "What the man said was 'Just think he's out and I'm in.'"

In this commercial age, about the only way to get well heeled is to keep on your toes.

Jesse James may have been a tough guy, but he never charged 10 cents for an apple just after the heaviest apple crop in the history of the country.

The man who loses his temper easily should not play solitaire. Think what might happen if he should catch himself cheating.

SCOUT DUFFLE BAG

BY H. S. HALL,
Scout Executive.

ANNUAL COUNCIL DINNER

The high spot in Scouting for the first year's work was reached at the annual council dinner, held April 22 at Johnson's Banquet room in Monessen. After reports had been given by the Scout Executive and the Commissioners Department from each town, Major R. F. Seymour, Regional Executive of Region No. 4, in a stirring address brought new visions and possibilities of the work to the men who were present. In commending afterwards upon his inspection of the local Council, he expressed himself as being well satisfied with the progress made during the first year, adding that the Valley movement was much more difficult to organize than other Councils which had only one large combined group of people to interest. In his address he took the occasion to commend the untiring eforts and the willing spirit shown by the men in this valley, who had pooled their [illegible] the game of Scouting with their boys." A large representation of Sioutmasters from each of the towns was present as the guests of the Council, and all left the meting with a keener interest and a renewed vigor to continue their work of leading their boys.

NEW PRESIDENT

Alex McVicker of Monongahela, was elected the new President of the Council for the year of 1924-25. Mr. McVicker has long been interested in boys and as a member of the Rotary Club of Monongahela, has done a great deal for the boys of his community. As a real boy's man, he embodies all those qualities necessary to make a good President for our Council, and with his characteristic energy is already building a program of activities for the coming year. Under Mr. McVicker's leadership, there can be no doubt, as to the success of the second year of Scouting.

NEW SCOUT COMMISSIONER

Jacob Meyers, the past President of our Council, in recognition of his efforts and services in the formation of the movement in the Valley, was appointed Scout Commisisoner for the entire Council; this is the highest voluntary office given in Scouting. Although Mr. Myers has been ill for some time, it is hoped that upon his return from Mt. Clements Sanitorium that he will head up the Commissioner's department with his characteristic vigor and produce a real program of activities that will interest and retain the boys, who have already become Scouts. Mr. Meyers has had considerable experience as a Commissioner, having served in such a position in the Westmoreland County Council, quite a number of years ago.

SUCCESSFUL SWIMMING MEET.

Saturday, April 26, about 35 boys from the four towns took part in the first indoor swimming meet held at the Monessen Jr. High School swimming pool. The meet was very closely contested, and there was doubt as to the winners up until the last event. Charleroi Scouts of Troop No. 1, the Community troop tied with Troop No. 2, the troop from St. Jeorme's church also of Charleroi. The American Legion Troop of Monessen came in second, with Troop No. 3 of Monongahela third, and Monongahela No. 2 came in fourth, with Monongahela No. 3 fifth. A number of expert entries from Monongahela and Donora were unable to attend this meet, because of working, but all are hoping to be able to enter the next one. The individual star of the meet was John Pogado, of Troop No. 2 of Charleroi, St. Jeromes Troop, who accounted for six out of the eight points won by his troop. A challenge has been issued by Mr. Thomas Ludwig, Scoutmaster of Troop No. 2, to Troop No. 1, both of Charleroi, to swim a duel meet, May 30, in the Monongahela river. The events will be: 40 yard dash, 40 yard breast stroke, a distance swim from the Belle Vernon Bridge and fancy diving.

PATROL LEADERS COURSE

The first meeting of the Patrol Leaders Course for Monongahela and Donora was held Wednesday, April 30, at the Sixth street school in Donora. About 35 Patrol Leaders and their assistants were present and received instructions in Drill, Game Leading, Calisthenics and Flag [illegible] as well as signalling. The second meeting of this course will be held Saturday morning, May 3, at Chess Park, Monongahela, at 9:30 A. M., at which time instructions will be given in; Scouts pace, Fire building, Compass and Cooking.

CLEAN-UP WEEK

Numerous Boy Scouts throughout valley are rendering valuable service to their Communities during April 26 to May 3, by assisting in the Clean-Up Week program which has been arranged by the Health Authorities in Monessen and Charleroi. A house to house canvass is being made for the purpose of inspection and informing the residents of the object of this campaign, to give them literature on the subject and to inform them of the days on which the truck will be around to haul their rubbish away. This work of the boys serves a [illegible] purpose, [illegible] by training the boys in good citizenship and by developing a pride in his home town, and at the same time it points out what care is necessary to see that the health of the community is safeguarded. It also creates a wide awake active group of boys who are willing to be of service to their Community and to do anything that will actually count to make their home town a better place to live in. This work is to be commended.

COURTS OF HONOR

Plans are being made for holding Court of Honor metings for the purpose of revising and rewarding the boys having passed their tests. Rev. McFarland, Chairman of the Monessen Court of Honor has definitely fixed the date for the Monessen meeting, as May 5, and H. F. Sterritt, Deputy Commissioner announced that there will be about 25 boys to come before the Court at that time.

The Charleroi Board of Examiners has just completed its series of test days, under C. M. Wise, Deputy Commissioner, and Mr. Hill their Commissioner, will set a date in the near future. About 60 boys will be ready when the date is set.

Monongahela City will hold a meeting sometime about the middle of May. A large number of boys are expected to be ready, according to a statement from Mr. Merle Liggett, Deputy Commissioner.

Monessen Commissioners Department will hold their monthly Round Table meeting Wednesday, May 7 at the Junior High School office, at which time plans will be made for the activities for the month of May, and discuss plans for a summer camp.

Charleroi will hold their Round Table meeting, May 11 at the Chamber of Commerce, and Monongahela City has scheduled a meeting for May 14, at 9 p. m.

Arthur Kohnfelder, the new Commissioner for Donora, will call a meeting of his Scoutmasters for their first Round table, sometime during this month, and this will see the reorganization of Scouting in Donora.

Mr. Martin Tells What Wonderful Ointment San Cura Is

"My head was so scabby I was ashamed to go out in company. One jar of San Cura Ointment completely healed it, and I had used every soap and ointment you could mention." — C. O. Martin, 231 E. 29th St., Cleveland, Ohio.

And San Cura Ointment is just as wonderful for cuts, burns, bruises, old sores, piles, eczema and skin diseases, 30c and 60c. San Cura Soap, the antiseptic soap, for complexion, shampooing or washing sores, 25c at Hennings' Drug Store. Thompson Medical Co., Titusville, Pa.

Banking for Women

Every woman who has to look after the many details of housekeeping finds it a great convenience to pay her household bills by check.

This bank is especially interested in its women customers and handles their banking affairs with the utmost courtesy.

Whatever your banking requirements may be you will find us able and willing to assist you.

THE FIRST NATIONAL BANK

CHARLEROI-------PA.

The Personal Side

Robert Garber of Pittsburgh is spending the week-end with friends in Charleroi.

Harvey J. Frederick of Fairhope, spent a short time visiting with friends i n Charleroi.

Miss Ruth High, daughter of Mr and Mrs. William High of Fallowfield avenue, is confined to her home on account of illness.

Edward N. W eaver of the Rumford Baking Powder company, who has been in Charleroi for the past six weeks, left this morning for Morgantown, W. Va.

Miss Ida Anthony resumed her duties as cashier at the store of J. W. Berryman & Son this morning, after a few days' confinement to her home on account of illness.

Mrs. Margaret Spencer has returned to her home in Baltimore, Md., after several weeks' visit with her father, C. B. Copeland of Pennsylvania avenue, North Charleroi.

Raymond Rossomme, a student of Carnegie Tech, Pittsburgh, who is spending the week-end with his parents in Lincoln avenue, was a visitor in Monessen last evening.

William Turnbull of Luella avenue son of Mr. and Mrs. Adam T urnbull of First street, is a patient in the Mercy hospital, Pittsburgh, where he was taken last Thursday for treatment and an operation.

Elmer Schreiner, professor of Physical education of California Normal, accompanied by Miss Irene Pardiny, pianist, spent yesterday at the surrounding schools practicing for the Mass Demonstration to be given in the Normal field, May 16, California, Pa.

Mrs. Claude F. Jenkins, who underwent a serious operation in the Lakeside hospital, Cleveland, last week, and whose condition has been very critical, returned to her home in Fallowfield avenue last evening much improved. Mr. Jenkins accompanied his wife from Cleveland, while Mr. and Mrs. William C. Hancock and Mrs. S. H. Might, met the couple in Pittsburgh and returned to Charleroi by motor

BITTER ELECTION CAMPAIGN IS BROUGHT TO CLOSE

Berlin, May 3.—(United Press).—German political parties wound up a bitter campaign today as the nation prepared to go to the polls Sunday in elections for the new reichstag.

As the campaign closed it was apparent the real issue is acceptance or non-acceptance of the Dawes-Young report as a basis for settlement of the reparations problem.

Reactionaries, terming the experts' report "a second Versailles," condemned the proposed program as "subjecting Germany to new slaveries" while the Government party and the Socialists advocated complete acceptance of the report as "the sole method of achieving peace."

Entirely Unnecessary.

Hub—"A new set of furs? No, no; I have to remember my creditors." Wife—"That's a stupid excuse. As if they'd let you forget them."—Boston Transcript.

Sweet Revenge.

Smith—"Did you enjoy yourself on your cruise?" Grump—"Yes, I was shipwrecked on a desert island with the doctor who had been telling me just what I could eat."

Education.

Education—That which discloses to the wise and disguises from the foolish their lack of understanding.—A. Bierce.

Stubborn Mind.

A stubborn mind conduces as little to wisdom or even to knowledge as a stubborn temper to happiness.—Southey.

Two Educations.

Every person has two educations—one which he receives from others, and one, more important, which he gives himself.

Genius Speaks Only to Genius.

The merit of great men is not understood but by those who are formed to be such themselves, genius speaks only to genius.

It Is Efficient.

The reason lightning doesn't strike twice in the same place is because it finishes the consumer the first time.—Duluth Herald.

Beehives Made with Art.

Romans sometimes made their beehives of bronze with inlay work of elaborate designs and used them to decorate their gardens.

Lung Cells of Big Surface.

If the cells of the human lungs were spread out flat they would form a surface of 480 square feet.

Gee Whiz.

Mother (teaching her child the alphabet)—"Now, dearie, what comes after 'g'?" Child—"Whiz!"

In Society's Realm

Tuesday evening in the Sunday school room of the Methodist Episcopal church the regular monthly meeting of the Zananna Bible class will be held.

The ladies of the Charleroi-Monessen hospital Auxiliary will hold a meeting in the borough building Monday evening, May 5 at 7:45 o'clock. There will be election of officers and other important business transacted at that time and a good attendance is desired.

The Merry Menders club held their regular meeting at the home of Mrs. William Stopp, Sr., of Second street Thursday evening. At the close of the business club, sewing and fancy work was taken up. A delightful program of music was also enjoyed. A delicious luncheon was served by the hostess with the assistance of her daughter, Mrs. William Stopp, Jr.

members of the Friendship E uchre club at her home in McKean avenue last evening. Four tables were in play and favors were awarded Mrs. Peter Lee, Mrs. J. J. Mossiaux, Mrs. Arthur Mouyard and Mrs. Rigby. A dainty luncheon was served by the hostess assisted by her daughter, Miss Tess, which brought the enjoyable evening to a close.

Last evening in the Sunday school room of the Washington Avenue Presbyterian church, the members of the Golden Rule class met and spent an enjoyable evening. The meeting was called to order by the president, Miss Irene Soupley. Old and new business was discussed, after which Miss Ada Bush favored with a piano solo in her usual charming manner. The guests were later ushered into another room of the school department, where luncheon was served, covers being laid for 12. A color scheme of red and white was carried out. The hostesses of the evening were Misses Margaret Trenton and Elizabeth Anthony.

Miss Kathryn Elder, 11-year-old-daughter of Mr. and Mrs. Edmund Elder of Fallowfield avenue, was accorded a party in honor of her birthday anniversary Thursday May 1 by her parents. Twenty small guests were present to help celebrate the occasion and a happy evening was spent in games. At 9 o'clock Kathryn and guests were ushered into the dining room, where a prettily appointed table was laid with the colors of pink and blue prevailing. The luncheon served by Mrs. Elder was much enjoyed. Favors of small baskets filled with candy were given each guest. Miss Kathryn received many pretty gifts.

'PAINTED PEOPLE' AT THE MAJESTIC

Never before has the term "All-Star Cast" been more applicable than in the case of "Painted People," a First National Picture, directed by Clarence Badger, coming to the Majestic theatre next Monday, Tuesday, and Wednesday. Based on the story by Richard Connell, it is one of the comedy gems of the year.

Heading the cast is Coleen Moore, who in the last five years has been starred and featured in more than 40 big productions, and who today is looked upon in film circles as one of the real topnotchers, and the most talented of all actresses portraying light comedy dramatic roles.

THE CUBANS ASK FOR AMMUNITION

Washington, May 3. — (United Press).—The Cuban government has asked the United States to sell a large quantity of ammunition for use in squelching revolutionary disturbances in the island, it was learned today at the state department.

The amount the government asked for was not revealed; it was indicated that it was prepared to stand about $400,000.

Paradise Butterflies Valuable.

The Paradise butterfly, when first discovered, probably in the heart of Papua first, was very desirable and valuable, a single specimen selling for as much as $150. Some recent specimens have also been brought out of Papua and have sold for much less, who caught the most recent specimens lost his life in the effort, being killed and consumed by cannibals.

Hot Water for Sale.

In nearly all Chinese cities a large percentage of the inhabitants live in a sort of hand-to-mouth fashion, buying food from restaurants. Hot water is sold from stands by people who make a business of providing it. The great necessity for economy in fuel seems to be the primary cause of this mode of living.

CANNOT BRING ACTION AGAINST A CITY

Harrisburg, Pa., May 3—The commonwealth cannot bring action against the city of Allentown for alleged failure to provide adequate fire protection for the Allentown state hospital, Deputy Attorney General Phillip S. Moyer set forth in an opinion today.

It was addressed to D. W. Hunt, deputy secretary of welfare, who in behalf of his department had asked for a ruling o n the jurisdiction of the state over the city in the matter of furnishing more water for fire fighting. Hunt said the present main provided "only enough for a couple of hoses."

The opinion suggested that the welfare department consult the bureau of fire protection, state police and equip the hospital with such apparatus and chemicals as were recommended by it.

STRIKE USHERED IN BY VIOLENCE

Buenos Aires, May 3— —(United Press).—Argentine's general strike, effective throughout the country last midnight, was ushered in by violence.

A bomb exploded in a coach of the southern passenger train leaving Buenos Aires, causing serious injuries to a guard and lesser injuries to a number of passengers.

The guard suffered a broken leg.

The strike was called by Socialists and Labor Unions as a protest against the new pensions law, which would allow all workers to retire on pensions from a government fund, after 25 years of service.

The Married Man.

Late hours are apt to tell on a man, but if he is married he doesn't seem to care, just so they refrain from telling his wife.

Thirst-Resisting African Sheep.

The Barbary sheep is one of the thirst-resisting animals of Africa, and can exist almost a week without drinking.

TAX RATE BATTLE ENTERS FINAL STAGES TODAY

Washington, May 3.—(United Press)—The tax rate battle that will determine what everyone will have to pay the government next year, entered its final stage today.

Mellon plan supportrs brought the question of surtaxes—the keystone of their plan—before the senate for action.

Only three important points remain to be acted upon—income rates, corporations taxes and the inheritance levy.

As the oratorical contest was resumed, here is how the various factions stood:

The Mellon plan adherents were ready to compromise on a maximum surtax rate higher than 25 percent. They are said to be willing to go as high as 35 percent.

The Democrats had a graduated scale which runs up to 40 percent on big incomes.

One group of progressives wanted 50 percent as a maximum, but their chances looked slim.

SEARCH MADE FOR MEN ACCUSED OF BANK ROBBERY

Newton, Kansas, May 3—(United Press)—Search was conducted throughout Western Kansas today for James T Woodruff and Pat Carroll, charged with robbing the Walton State Bank of $140,000 and escaping by dynamiting a corner of the jail here.

The dynamite was smuggled into the jail by friends of the fugitives. An entire side of the building was wrecked. As the prisoners rushed to a waiting auto, deputy sheriffs took up the p ursuit.

Officers also are looking for Mrs. Ona Woodruff and James Reynolds, who were released last week after having been arrested in connection with the bank robbery.

No other prisoners escaped and none were hurt, although the explosion shook surrounding territory.

Savior of Denmark.

Young Captain Delgas learned that running water was the death of heather which in the early part of the Nineteenth century overran the lands of Denmark and threatened to make it a desert waste. He, accordingly, put the people to digging ditches and canals. Peas, beets and rye soon began to grow and cows and pigs followed. The waste was reclaimed in good time and Denmark became a land of butter, eggs and bacon.

Chicory.

Chicory is quite extensively cultivated in Europe for use as a table salad, for fodder, and for the roots. The young leaves, when properly blended, are considered equal, as a salad, to those of endive. The principal use of the plant, however, is for its roots, which are roasted and ground and in that form used as a substitute for coffee, or as an adulterant for coffee, snuff and other articles

Passion Fruit.

Passion fruit has long been popular in Australia for flavoring ice cream and cold drinks, being refreshingly delicious. Here in California the vines have been used in screen buildings, and some few for commercial purposes, but it is just recently that the cultivation of the passion vine has been begun on an extensive scale.

Why Clerks Were Happy.

A friend said to a big business man: "I notice that your clerks are all in a fine humor; have you been raising their wages or something?" "Not so you could notice it," answered the big business man. "To be frank, it's just because my wife has been in, and it tickles them to death to see some one boss me around."

Tattooing for Safety.

Bedouin women, of the Arabian desert, tattoo themselves with figures of animals and stars to keep the evil spirits away. In Persia, women were formerly tattooed, believing this would insure happiness and attract the opposite sex. Tattooing was forbidden the Jews in Bible times. Tradition tells us that the Gioachi, the alleged ancestors of the Annamites, were fishermen, and were constantly in danger from marine animals and sea monsters. To prevent disaster from the gnail of the waters, the king of Annam directed his subjects to tattoo their bodies with images of sea monsters—afterward, with dragons and crocodiles.

First U. S. Army Uniforms.

At the beginning of the American Revolution each regiment provided its own uniforms. As these were discarded the soldiers wore any clothes that were available. Such uniforms as were worn were English in design, substituting blue for scarlet coats. At the close of the war uniforms were procured for the few troops retained in service. They resembled the French uniforms of the day, the infantry wearing blue faced with white, and the artillery blue faced with red. Later cavalry was added, the uniforms being green faced first with white, later with black.

Night and Day Colors.

Objects do not have the same color at night as in the day. It is the visual apparatus of the eye which enables us to distinguish color, and since we are unable to see after dark, we are unable to distinguish color. The color of objects, with the exception of fluorescent bodies, is not due to any power possessed by the objects of creating the colors exhibited, but merely to the fact that they are able to absorb some of the rays of white light of the sun, while the rest are reflected or scattered in all directions.

Where Fido's Mother Was Born.

A woman carrying a little dog in her arms was riding in a bus that went along Park lane. All the way up she worried the conductor to know whether they had come to No.—, mentioning a house nearly at the top. When they reached the number the conductor halted the bus, thinking the woman wished to alight there. Instead of doing this, however, she went to the door of the bus and, holding up the dog, said: "Look, Fido, that's where your mother was born!"
